

The PHMC Public Health Campus on Cedar provides health services and resources to adults, families and children in West and Southwest Philadelphia. It offers programs to address a range of physical, behavioral and social service needs. The Cedar Campus' vision is to transform into a 21st-century hub for health and wellness.

The PHMC Public Health Campus on Cedar offers:

Emergency Care:

- **Penn Medicine:** 24/7 emergency department and inpatient medical, psychiatric and detoxification services. Penn's crisis response center addresses mental health and substance use emergencies.
- **CHOP Crisis Response Unit:** pediatric mental and behavioral health emergency care. Walk-ins are available. It also offers a crisis stabilization unit and acute inpatient psychiatry.

Health Care & Social Services:

- **PHMC Health Center on Cedar:** primary care for adults and children. Services include chronic disease management, behavioral health care and vaccinations. Call **855.887.9229** to schedule appointments.
- **PHMC Dental on Cedar:** general, pediatric and emergency dentistry, including cleanings, fillings and gum disease treatment. Call **855.887.9229** to schedule appointments.
- **PHMC Health Pharmacy, Cedar:** coordinates with the PHMC Health Center on Cedar to provide convenient access to pharmacy services, including professional consultations, easy pick-up and delivery, and close monitoring and refill reminders.
- **PHMC Community Wellness Hub:** job training, financial education, nutrition classes and more. Future offerings will include maternal care, lab services and health screenings.
- **Penn Medicine Cardiology:** heart and vascular care in an outpatient setting.
