Do you have Medicaid?

Changes are coming.

1

Renewals will be more frequent.

Some adults ages 19-64 will need to complete a renewal every six months instead of every year.

2

New work requirements must be submitted.

Some adults ages 19-64 who do not have a dependent child under 14 years old will need to meet new work requirements.

3

Retroactive coverage will be more limited.

Retroactive coverage, which is for medical expenses that occurred before the month of application, will have decreased coverage timeframes for different scenarios.
